

## Senior Research Fellow (SRF) Position at IIT Gandhinagar

I am seeking a highly motivated candidate for a project- **Impacts of Climate Change and Climate variability on Water Resources in Sabarmati River Basin** funded by the **Ministry of Water Resources (MoWR), Government of India**.

Preferred applicants will have **M.Tech. in Water Resources or closely related field**, With an emphasis on research areas related to hydrology, water management, climate change, and hydrologic modeling. Applicants should have a strong programming background (**MATLAB, Python, or R**), good skills in **remote sensing and GIS software**. Successful candidates are expected to have strong communication (both oral and written) skills and must have demonstrated high-quality peer-reviewed publications.

The initial appointment will be for **six months**, which may be extended based on performance. The selected candidate will receive a salary of **Rs. 31000 + 16 % HRA (If applicable) or as per the norm of the Department of Science and Technology (DST)**. The responsibilities of the selected candidate will include conducting research, attending conferences/seminars, and publishing in scientific peer-reviewed journals.

Interested candidates are encouraged to fill this [form](#) **before July 6, 2020**. If you face any difficulties, please contact to **Dr. Vimal Mishra**, Associate Professor, Civil Engineering ([aws.iitgn@gmail.com](mailto:aws.iitgn@gmail.com)). Shortlisted candidates will be informed for an **online interview**.
