Advertisement for Two Junior Research Fellows for TIGR²ESS Research Project (last date for submitting application is 16th November 2020)

Posts: Two Junior Research Fellows, Panjab University, Chandigarh, for the project “Transforming India's Green Revolution by Research and Empowerment for Sustainable Food Supplies (TIGR²ESS)”. This is a Global Challenges Research Fund Project of UK Research Councils, which is a multi-institution research collaboration led by the University of Cambridge (<https://tigr2ess.globalfood.cam.ac.uk/>). The focus of the work of the positions will be on ‘Impacting Wellbeing in Rural and Urban Communities: Education, Empowerment and Entrepreneurship leading to improved Human Nutrition, Health and Wellbeing’ (Flagship Programme 6 of the Project of which more details can be viewed at the web-link given above). The work is primarily field based and would require extensive travelling, especially in Punjab. The applicant should have excellent oral and written communication skills in English and a good working knowledge of Punjabi.

JRF Positions:

- 1) Skills Development and Training
- 2) Food and Culture, Entrepreneurship and Tourism

Duration: Date of joining upto 30th September, 2021

Emoluments: ₹ 31,000+16% HRA p.m. (NET Qualified)
₹ 20,000+16% HRA p.m. (non-NET Qualified)

Essential Qualifications:

Masters in relevant subject* with 55% (5% relaxation to SC/ST as per UGC norms)

JRF Position: Skills Development and Training (*Masters’ and NET in Economics/Public Administration/Management)

The Research Fellow will be working on understanding the government’s policies on skills development within the framework of education, employment and empowerment for youth and women; examining the impact of innovative skill programmes on well-being; and implementing action research interventions. Some experience of conducting surveys and working with agricultural extension services and rural organisations, collecting qualitative and quantitative data, data management, and data analysis using statistical software is desirable.

The Research Fellow’s tasks will include the following:

- Reviewing literature
- Conducting field studies to ascertain skills levels, needs and aspirations’ assessment among rural and peri-urban youth and women (quantitative and qualitative)
- Conducting workshops etc.
- Interventions (skills training etc.) using action research methodology

- Tracking the progress of the intervention(s)
- Data management, analysis, documentation, report writing, presentation.

JRF Position: Food and Culture, Entrepreneurship and Tourism (*Masters in Hotel Management/Food and Nutrition and NET in allied subject)

The Research Fellow will be engaged in identifying dietary changes in terms of traditional and modern ingredients in Punjabi diets with special reference to their nutritional value. The issues of health and nutrition based diets are the core for sustainable solutions to health and nutrition. The various outcomes planned stem from the objective of building entrepreneurial and culinary capacities in rural and peri-urban areas to promote Agri- and Food Tourism with a focus on health and nutrition.

The Research Fellow's tasks will include the following:

- Reviewing literature
- Developing a nutrition curriculum
- Documenting foods of Punjab
- Conducting workshops etc.
- Interventions (skills training etc) using action research methodology with a focus on building culinary and entrepreneurial capacities for Food Tourism
- Tracking the progress of the intervention(s)
- Data management, analysis, documentation, report writing, presentation.
